Interpretation

The action plan groups development into themed streams, each addressing a cluster of related gaps with a now/next/later horizon. Tracking compares effort over time once a baseline exists.

Recommendations

- Behavioral Development: How you work with others and regulate yourself — interpersonal, attitudinal and self-management behaviours..
- Technical Development: Tool, technology and domain-specific technical proficiency..

- Functional Development: Role and process execution capabilities that deliver work outcomes..

Confidence Level

Confidence: Provisional — depends on gap and requirement coverage.
