

SKILL_GAP REPORT

Generated 25 June 2026 · MetryxOne

Executive Summary

No skill gaps could be computed for Sarah Johnson — no role-requirement substrate to compare against.

Candidate Information

Name: Sarah Johnson

Reference (masked): user_4286d980cc6c

Current role: Senior Product Manager

Target role: Director of Product

Industry: Technology

Experience: 8 years

Education: MBA

Location: Bangalore, India

Profile summary: Senior Product Manager with 8 years across B2B SaaS, leading cross-functional teams and data-driven product strategy. MBA. Seeking director-level product leadership.

Assessment Summary

No gaps are available.

Visualizations

Insufficient validated data to populate this section yet.

Why: No role-requirement substrate exists to compare measured scores against.

How to populate it: Map the target role to stored competency requirements.

What is needed: A profiled role with required levels + measured competency scores.

Expected output once available: A ranked list of competency gaps with required vs actual levels and criticality.

Interpretation

Computing gaps requires a profiled role with stored requirements; without it the platform reports no measurable gaps rather than inventing them.

Recommendations

Insufficient validated data to populate this section yet.

Why: No role-requirement substrate exists to compare measured scores against.

How to populate it: Map the target role to stored competency requirements.

What is needed: A profiled role with required levels + measured competency scores.

Expected output once available: A ranked list of competency gaps with required vs actual levels and criticality.

Confidence Level

Confidence not applicable — no gaps could be computed.

Data Source

career-gap-engine.buildCareerGap !' required vs actual competency levels.
